

**DRAWING
NOT TO SCALE**

Features

- Overlap of strips.
- Ready to install (see instructions below).
- Complete with mounting screws and spacers.
- Removable (when not required).

Installation Requirements

- Step 1 - Hold Strip Curtain so that it is centred 5mm above door opening. Mark one hole with a pencil.
- Step 2 - Fix screw and spacer where marked.
- Step 3 - Hang Strip Curtain on screw and then mark second hole.
- Step 4 - Remove Strip Curtain. Fix screw where marked.
- Step 5 - If the Strip Curtain fits tightly on the spacers, loosen both screws to reset spacer, then re-tighten.
- Step 6 - Trim the bottom of the Strip Curtain with scissors so that strips are about 10mm off ground. In time, if strips touch floor, re-trim.

Caution!

Strips touching the floor could be dangerous and ineffective to flies and air-conditioning.

Cleaning

Cleaning of the strips is recommended once a month using warm water, mild detergent and a soft cloth. Towel dry individual strips thoroughly to avoid sticking.

Storage

For best results store in hanging fashion. **DO NOT LEAVE ON FLOOR**
