Mushroom Caps: CSD-10 Black, 100 Pack

PART No: CSD-10BLK-100PK

FEATURES

Mushroom Cap, M10 Thread, Black 100 Pack

A nylon mushroom cap with an embedded 2.7mm x 63mm dia Hot Dipped Galvanised Washer. A stainless steel M10 threaded nut is also embedded in the head, with grooves cut into the sides to allow the molten nylon to fill the space and provide extra strength.

UV Neutral material with a gloss finish.

Mushroom caps are commonly used in the construction industry where Insulated Panel is used such as cool rooms, freezer rooms, suspended ceilings etc.

Color: Black

Material: Nylon

ADDITIONAL INFORMATION

The CRH M10 Mushroom Cap was tested by a NATA approved laboratory as part of a Ceiling Suspension Kit static load test. At 19.4kN (1978kg) a fracture of the M10 Threaded Rod was observed, at that point no damage to the CSD-10 Mushroom Cap was recorded.
