Kason 2 Point Latch Set

PART No: K5688L50020

FEATURES

Kason 56 Series 2 Point Latch Set with 12.7mm Connecting Rod: 3mm - 19mm Offset.

- Two K56 series latches, connected with a stainless steel rod,
  Note: Rod is 1/2" (12.7 mm) diameter
- Vertical inside release push bar provides ergonomic operation to open the door
- Bolt-type tongue provides positive locking action
- Proven, heavy-duty construction
- Padlocking provision is standard on all models (Cylinder locking is optional)
- Pair this with the “A” Series 0488AG Inside Release Mechanism to prevent accidental entrapment in locked walk-ins. Inside lever releases cylinder-locked or padlocked door

ADDITIONAL INFORMATION

- Temperature Range: -29°C to 66°C
- Functional Test: 250,000 open/close cycles as a minimum
- Designed to work with the 0488AG only (sold separately)
- Fasten using 1/4” (6.4 mm) flat or oval head screws
