CRH Hollow Mushroom Cap - Dover White

PART No: CSDX Dover White

FEATURES

CRH Hollow Mushroom Cap - Dover White

A 76.5mm diameter hollow mushroom cap coloured to match commonly used Colorbond colours. This cap looks like a standard mushroom cap used for suspending ceilings and fixing to threaded rod but this cap actually has no threaded nut or large washer.

Commonly used by contractors to cover unsightly fixings on cladding and insulated panels. Fix with a good quality Silicone.

Material: Nylon

Colour: Dover White

**Sold in packs of 25 or 100 and can also be purchased individually.*
