Fuller 770 Sanitary Translucent 300gm

PART No: 15019124

FEATURES

Fuller 770 Sanitary Translucent 300gm

FulaSeal™ 770 Sanitary Silicone Sealant is a premium, 100% silicone sealant designed for wet areas. Its neutral-cure formula includes a mould and mildew inhibitor, providing professional-quality performance with excellent adhesion. Safe for use on aluminum shower screens and other corrosion-prone substrates, it's ideal for bathrooms, laundries, and kitchens.

Key Benefits:

- Formulated with a fungicide to resist mould and mildew
- Suitable for both interior and exterior applications
- Permanently flexible with ±25% joint movement
- Neutral-cure, non-corrosive formula
- Excellent adhesion to a wide range of wet-area construction materials
- Ideal for areas exposed to frequent moisture

Uses:

- Sealing around showers, sinks, bathtubs, spas, and other sanitary fixtures
- Sealing wall-to-wall and wall-to-floor junctions in both internal and external tiled areas
- Sealing joints between laminated kitchen benchtops and sinks
- Bonding glass splashbacks with double-sided tape
- Sealing surfaces in laundries and wet areas
