Fullers 780 Silicone Aluminium Grey 300g

PART No: 15019409

FEATURES

Fullers 780 Silicone Aluminium Grey 300g

FulaSeal™ 780 Plumbers Silicone Sealant is a non-corrosive, neutral-cure sealant suitable for a wide range of surfaces. It is ideal for roofing, exterior cladding, guttering, flashing, downpipes, and general plumbing applications, and is safe for use in drinking-water storage systems.

Key Benefits:

- Suitable for use with potable (drinking) water (AS4020 compliant)
- Maintains long-term flexibility with ±25% joint movement capability
- Suitable for both interior and exterior applications
- Neutral cure formulation that prevents corrosion of steel and galvanised surfaces
- Provides a durable, waterproof seal

Uses:

- Ideal for sheet metal roofing applications
- Suitable for exterior metal wall cladding
- Effective for sealing guttering, downpipes, and flashings
- Used in sealing ductwork and ventilation systems
- Appropriate for water tank construction
- Suitable for re-bonding loose ridge-capping and valley tiles
- Useful for bonding gutter leak-prevention systems

ADDITIONAL INFORMATION

Substrate Compatibility:

- Suitable for steel surfaces
- Compatible with aluminium
- Adheres well to zinc and galvanised steel
- Effective on masonry substrates
- Works with ceramic materials
- Suitable for lead
- Bonds to fibreglass
- Ideal for plasterboard
- Suitable for terracotta
- Compatible with many plastics (pre-testing advised)
- Adheres to glass
