Looped Cable, 2mm x 5m. (Pack of 10)

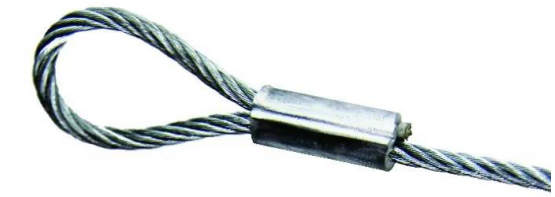

PART No: RLC2.0-5

FEATURES

2mm x 5m 7x7 G2070 Looped Cable. (Pack of 10)

Colour: Mill

Material: Galvanised Steel

ADDITIONAL INFORMATION

34kg 5:1 Safe Working Load when used with KL100 Kwik-Locs. Looped Cable enhances the Kwik-Loc suspension system by the addition of a pre-looped end. Once the wire is pulled around the anchor point and through the looped end of the cable, it is already secured at one end saving time on the jobsite.
