Ryobi 30 Series Door Closer 30-22 70KG - Hold Open

PART No: 3201322

FEATURES

The Ryobi 30 Series Transom Closer is a concealed overhead closer for aluminium or wooden doors.

This range is available in three different strengths for light, medium and heavy weight doors. With cast iron housing, a high tensile camshaft, and ball bearing bottom pivot you will get maximum performance of over 1,000,000 cycles from the Ryobi Transom Closer.

The adjustable screws on the arm makes it easy to install to perfection.

Door Weight: 70kg

Door Width External: 750mm

Door Width Internal: 950mm

Opening Degree: 90 degrees

Colour: Gold

Material: Die-Cast Aluminium

ADDITIONAL INFORMATION

The Ryobi Transom Closers come complete with top arm a bottom pivot assembly as standard.
