

GE Hands Free Foot Operated Tap Valve 60° angle

PART No: 361444

FEATURES

GE Foot Operated Valve 60° angle

Color: Chrome

Material: Chrome Plated

ADDITIONAL INFORMATION

Convenience of hands free operation with the assurance of high level hygiene. The flow cycle is actuated by depressing the valve downwards by foot. The flow rate is regulated at a constant 6 star WELS Rating of 4.5 litres per minute and automatically turns off when the Valve button is released. This ergonomic and Vandal resistant design will stand the test of time in even the harshest of environments.
