

Kason 56 Series Latch with Lock

PART No: K56CL5020

FEATURES

Kason 56 Series 'Safeguard' Latch with Cylinder Lock.

The iconic original Kason heavy duty Safeguard latch body with 316 grade stainless steel handle.

- Bolt-type tongue provides positive locking action.
- Proven, heavy-duty construction outlasts similar latches in hard commercial use.
- Adjustable Strike assures precise adjustment (sold separately)
- Padlocking provision standard on all models.
- Accepts Kason Inside Release lever to prevent accidental entrapment in locked walk-ins. (sold separately)
- Inside Release releases cylinder locked or padlocked door.
- Unsurpassed for long life and reliability.

Color: Chrome Plated

Material: High pressure die-cast zinc body with stainless steel handle

ADDITIONAL INFORMATION
