CRH Stainless Steel Drawer Unit - Inside Flange

PART No: SSD-445435IF

FEATURES

CRH Stainless Steel Drawer Unit, 445mm x 435mm, with lock and inside flange.

Colour: Polished

Material: Stainless Steel (304)

ADDITIONAL INFORMATION

CRH Stainless Steel Drawers are perfect for use in the tough environments of the commercial kitchen, hospitals or anywhere where long lasting, clean stainless steel is required. The inside flange allows the unit to be easily attached to the underside of a bench, or to another SSD-445435IF in order to create a stacked unit.

Features:

- 0.9mm 304 Grade stainless steel drawer with 1.2mm casing.
- Lock with 2 keys supplied.
- Full extension ball bearing 202 grade stainless steel drawer slides.

Dimensions:

- Overall 445mm x 435mm x 210mm.
- Inside Drawer 405mm x 410mm x 150mm.
- Drawer depth 125mm.
