Ezy-Wash® CP-BS Lead Safe™ Hob Mtd Twin Mixer Pre-Rinse Unit Type 100 Flex Tail - Pot Filler

PART No: TF100HJP

FEATURES

Ezy-Wash® CP-BS Lead Safe™ Hob Mtd Twin Mixer Pre-Rinse Unit Type 100 Flex Tail - Pot Filler

Pre-Rinse units by Galvin Engineering, are designed to clear excess food debris and sauces off dishes before placing them in commercial dishwashing machines. Featuring an ergonomic spray gun trigger handle which allows easy use. The heavy duty design makes it ideal for installation in all types of applications.

Suitable in:

- Commercial Kitchens
- Restaurants/Cafes

Features Include:

- Commercial grade quality
- Support spring in chrome-plated steel allows the trigger hose to be pulled into the spraying position and to return back from the washing area when released
- Separate contra-rotating heavy pattern lever handles with unique fast-action ¼ turn brass spindles and jumper valves to provide either hot, cold water or mixed water
- Easy to assemble and adjustable wall bracket
- Flexible hose TPU inner
- Twinner tap body is forged in brass and chrome-plated heavy duty construction and it is resistant to temperature up to 90°C
- Main riser pipe in stainless steel, designed for quick and easy installation

Please Note: Suitable for installation over commercial pot sinks
