EcoGlide Sliding Door Systems are strong, smart and simple to install. What makes this system shine over its competitors is the 'Drop Down & In' rail design which saves energy by giving a positive seal around the door frame & floor. Opening the doors from the inside or the outside is effortless using lever handles that replace brut strength with a smooth action that is superior in terms of Occupational Health & Safety. The Wall Guided system has the added advantage of nothing on the floor providing better hygiene and forgiveness for uneven floors.
