CRH Coolroom Sliding Door Locking System

PART No: A10W

FEATURES

CRH Sliding Door Locking Kit - Surfmist White

Colour: Surfmist White

Material: High Pressure Aluminium Die-Cast

ADDITIONAL INFORMATION

Comprises of Recessed handle with unlocking pin, Inside release pin, large hasp, nylon mushroom bolt for fixing.

- The recessed Handle is fitted to the inside face of the sliding door with the Inside Release Pin fitted through the external edge of the door blade and locating behind the recessed handle, this is secured in place by the unlocking pin. The Large Hasp is secured on the external wall using the Nylon Mushroom Bolt. A padlock is then used to lock the Inside Release Pin to the large Hasp when the door is in the closed position. Place the Instruction Sticker to the inside face of the door next to the Recessed Handle.
- In the event of entrapment simply unscrew the Unlocking Pin and this will allow the door to slide open.
