Evapoway PTC05S-3 Condensate Evaporator. 2.2lt Capacity

PART No: PTC05S-3

FEATURES

The PTC05S-3 Evapoway Condensate Evaporator is ideal for HVAC and commercial refrigeration applications where drainage is not accessible.

- 240V
- 500W
- 2.08 AMPS
- Pan Capacity 2.2lt
- Dissipation Rate 15 litres per 24hrs
- 900mm Cord, No Plug - **Electrician to connect**

Overall Dimensions:

- 360L x 173W x 80D mm

Material: Stainless Steel 304 Grade

ADDITIONAL INFORMATION

Evapoway PTC05S-3 Condensate Evaporator Pan. 240V 500W. 2.2lt Capacity.

PTC Benefits

The PTC heater eliminates the need for electro-mechanical controls, control boxes and level sensors. The robust design provides continuous evaporation, automatically regulating the wattage based on water level and temperature. All in a simplified, space-saving design.

Condensate Pan

Stainless Steel 18 Gauge 304 Grade

Mounting Feet

12.5mm long slotted holes

Overflow Drain

10mm outside diameter.

Caution: Pan & Element remain hot to touch when the pan is empty.
